Customer Reviews

I found this book while we are searching a name for my younger sister's baby daughter. My brother in law is buying paperback books about baby names always but he wasn't happy with all those names. So this book worked for us. Finally we were able to find a great name for my niece. Great helpful book.

Best baby name book I've used. I needed some good names for a book I was working on and this was what I got. It's sorted very nicely with lists from girls names then boys. Tons of names to choose from. This is one of the better name books I have yet stumbled upon.

So many different names to choose from. Really liked the book. The bonus E-book at the back was a very nice surprise to. Recommended !
