Customer Reviews

In this book, the author has given information about major attractions, events and festivals that are helpful for someone interested in vacation to Berlin. But I would like to suggest to the author or a publisher of this book to reformat it with clickable table of contents, so readers can easily navigate through the chapters. I also like if this book contains pictures of major attractions, events

and festivals as well.

You can get a colored Berlin guide with photos etc. for ~ \$7 in Berlin... This one has not photos and sections (about tipping, hotels, restaurants, etc.) that I didn't find all that useful.
