Frommer's EasyGuide To Disney World, Universal And Orlando 2015 (Easy Guides)

Synopsis

Home to the several, highly-exciting theme parks of Walt Disney World, Universal and Sea World, Orlando is one of the three most heavily-visited touristic locations in North America, which means that it receives tens of millions of visitors each year. Our author of this Easy Guide, Jason Cochran, has written an intensely-opinionated and often controversial guide to Orlando (where not to go, is one of his topics), based on numerous lengthy research trips there. Jason is a major travel journalist and is presently Editor-in-Chief of Frommers.com.

In preparing for our first ever trip to Orlando, I found this book to be very easy to read, very well organized, and filled with very valuable practical advice. The maps alone are worth the price of the book for the first time visitor. It lays out everything one needs to know to plan ahead for an enjoyable and less stressful trip.

I checked this book out at the Library first--then decided to order it so that I would have it with me and could highlight those areas that really applied to our likes. Great suggestions that really did make a difference. Left it at the resort when we left so that someone else could use it.

I bought this for my daughter for their upcoming trip. I won't really know how well it helped her until they get home.

Had a great time in Disney thanks to this book. Also loaned it to a friend who used it for Universal Studios. Don't hesitate. Buy this book.

Highly recommend this book before you go to Florida, especially Disney.

Nice book with a lot useful information

I have read quite a few guides to Disney World, I understand most if the information is going to be the same between most guides. This guide however I feel covered very little of Disney World and more of Orlando and things to do there. Only about 30% of the book pertained directly to Disney World, since the this said it was a guide to Disney World, I was disappointed with the small amount of information pertaining directly to Disney. I would recommend The Unofficial Guide to Disney World. It's primary focus is Disney but still covers other attractions in the area. Passport's guide to Disney World is also a great resource.

Informative, well written, honest, and hilarious. I'm planning a trip to Disney for later this year and this book has been invaluable. Great to get a perspective of Disney that isn't pie in the sky or rah-rah at all costs. Highly recommended!
