David Melton is one of the most versatile and prolific talents on the literary scene today. His works span the gamut of factual prose, analytical essays, newsreporting, magazine articles, features, short stories, poetry, and novels in both the adult and juvenile fields. In 17 years, 24 of his books have been published, and several of those have been translated into a number of languages. Mr. Melton

has illustrated several books, including 10 of his own, and his drawings and paintings have been reproduced as fine art prints, posters, record covers, etc., and been featured in national publications. He has also gained a wide reputation as a guest speaker and teacher. To encourage and celebrate the creativity of students, Mr. Melton has developed the highly acclaimed teacher's manual, *Written and Illustrated By...*, which is used in thousands of schools to teach students to write and illustrate original books by "The Melton Method." To provide opportunities for students to become professionally published authors and illustrators, he helped initiate The National Written and Illustrated By... Awards Contest for Students.

The title of this book is what caused me to purchase it. I have a friend that's a novelist, so this is now perfectly positioned on a bookshelf.

3 out of 5 stars. Although this book did give me many great tips on how to capture, feed and care for the authors I need it failed to tell me how to deal with the "legal issues" of it being considered "kidnapping". So 3 stars for the helpful tips on how to capture them but -2 for my being arrested for keeping Bruce Campbell in my wood shed.
