Customer Reviews

It's about time someone came out with a cookbook for all us people who loves to cook and enjoys the goodness that grease provides. Healthy is good but somethings are better fried. Thank you and

enjoy your day.

While the author is no doubt a wonderful cook, someone needs to spend a lot more time proofreading these recipes. Pity the poor novice cook trying to follow these instructions.

This book is very useful, If you have always wanted to learn how to make deep fried recipes for yourself, then this is certainly the right book for you too as this is right for me because I was looking for fried recipes. Inside this book we can learn how easy to make these dishes just in few minutes.
