Excellent book!The foundation to the real estate exam.It has 15 chapters with each chapter averaging about 20 pages with a few exceptions. The chapter has a 20 question quiz with answers to verify in the back of the book. Thorough glossary to review if stumped.Graded quizzes given in class came directly from the books authors/publishers. If you read the chapters & take the chapter quizzes each week, you'll have no problem passing this class.

It's an ok book. Very informative, but horrific in explaining what the key terms are. For someone

who's someone versed in Real Estate, this is probably no issue. However, as an 18 year old, college student enrolled in the Real Estate class, this book only contributed to more frustration and confusion. If you buy this book, also make sure you have either a) previous real estate knowledge, or b) a dictionary.

Fast delivery new book!

I paid for the book and received the incorrect book. So I thought mistakes happen were all human, so I ordered the book for the second time and I still received the incorrect book. I really need this book in time for my real estate class
