Customer Reviews

John J Connolly, EdD & Jean Morgan, MD identify the top doctors in America and provide consumers with detailed information about their education, training and special expertise in printed guides. Castle Connolly Medical Ltd. is America's trusted source for identifying top doctors and the best in American medicine.

I have been very happy with the doctors I have used that were recommended in this book. All are excellent, with impressive resumes and are concerned and attentive. I cannot recommend this book highly enough! Most doctors are more than adequate to treat non-serious, common medical problems. However, when I was diagnosed with stage 3 cancer, I wanted the best oncologist,

radiation oncologist, cancer surgeon and plastic surgeon that I could find, and I wanted doctors that specialize in the kind of cancer I was dealing with. The book lists doctors from each region of the U.S., their specialty, and the areas within their specialty in which they excel, their hospital affiliations, and contact information. Castle Connolly also has a book devoted to the best cancer specialists that I highly recommend, "Castle Connolly America's Top Doctors for Cancer". I would never been able to find my excellent group of doctors without Castle Connolly, especially in the short time I had to begin treatment after my diagnosis.

I was disappointed that they didn't list the top docs within each state rather than taking only a regional approach.

great book. wish they had more local doctors

I'm an R.N. Paralegal & use this frequently to obtain medical experts

Handy with useful info.

Great Book ! Has a lot of information !

I RECEIVED LAST YEARS BOOK (13 th EDITION) IN STEAD OF THE NEWEST ONE.

I returned this guide, it may contain useful information , but too difficult to find. It is organized by region, not state, not city. The doctors specialties also poorly organized. I would not recommend the book version perhaps online membership more useful.
