## Customer Reviews

I bought one of these pop-out maps when I was in Copenhagen 5 years ago and took it everywhere with me. Even I (a woman) could fit this map in the back pocket of my jeans, though it did pop over the top a little bit. Any time I needed a little help navigating the streets, I just pulled this map out. It's got a decent number of important landmarks labeled, so it's great for finding points of interest. I'm going back this summer and, since I'd lost the last copy of this map that I owned, I specifically went searching to buy it again because it was the most important map I had for navigating Copenhagen

streets.

Great map. use it for all of my trips. Easy to use. I would recomend this over iPhone any day.

These are great. Small, pocket size. You can find your way around without having to unfurl a full sized map.
