# Minneapolis - St. Paul Neighborhood Map

## Synopsis

No one ever charted the 101 neighborhoods of Minneapolis and the 127 neighborhoods of St. Paul until Big Stick. Now, at last, they stand in full Nordic regalia - befitting the ice beneath them and their fire within. Exquisitely detailed, yet elaborately depicted.

## Customer Reviews

Great map to go with various paintings and pictures of Saint Paul and Mpls

A great map of the Twin Cities, fun to look at, but doesn't quite include my area (Plymouth). Take a close look before buying it is you are looking for a specific area...

My wife and I received this as a house warming gift. It now hangs on our dining room wall. All of our friends have spent some time poring over the little spots - where they grew up, where they live now, where friends lived. Everyone always finds something new and interesting, and we just let our eyes roam over it from time to time. The art is inspired by Viking themes of ships, fire, and ice, and it makes the work much more fun to enjoy. Heartily recommended.
