# Philosophical, Ideological, And Theoretical Perspectives On Education (2nd Edition)

## Synopsis

Gerald Gutek's *Philosophical, Ideological, and Theoretical Perspectives on Education* uses a systems approach to help readers examine the major schools of philosophy of education; consider the relationship of education to major ideologies including Nationalism, Liberalism, Conservatism, and Marxism; and analyze the impact of philosophy and ideology on educational theory and practice through the theories of Essentialism, Perennialism, Social Reconstruction, and Critical Theory. The concepts are made clear through the book's helpful chapter organization, which includes definitions of terms; historical contributors and antecedents; a general discussion of the particular philosophy, ideology, or theory; and relationship and application to education, especially to schools, curriculum, instruction, and to teachers and students.

## Customer Reviews

This systems approach to the major schools of philosophy of education gives readers a cognitive map of the areas, as well as the ideology in relationship to educational theory. It carefully examines the major schools of philosophy of education; considers the relationship of education to major ideologies including Nationalism, Liberalism, Conservatism, and Marxism; and analyzes the impact of philosophy and ideology on educational theory and practice through the theories of Essentialism, Perennialism, Social Reconstruction, and Critical Theory. Previously published as *Philosophical and Ideological Perspectives on Education*, and as *New Perspectives on Philosophy and Education*, this new version follows the content and organizational framework of these earlier editions. Each chapter includes: • Definitions of terms; • Historical contributors and antecedents; • A general

discussion of the particular philosophy, ideology, or theory; and Relationships and application to education, especially to schools, curriculum instruction, and to teachers and students. While retaining the helpful pedagogical aids that made the previous editions so popularâ” Questions for Reflection and Discussion, Inquiry and Research Projects, Internet Resources, and Suggestions for Further Readingâ”this edition includes new marginal explanatory and cross reference notes and consistent updating throughout. Also from Gerald L. Gutek: 0205594336 - New Perspectives on Philosophy and Education, 1/e - ©2009 0205360181 - Philosophical and Ideological Voices in Education, 1/e - ©2004 0130122335 - Historical and Philosophical Foundations of Education: Selected Readings, 1/e - ©2001 020526106X - Philosophical and Ideological Perspectives on Education, 2/e - ©1997 0205132030 - Education and Schooling in America, 3/e - ©1997

Gerald Lee Gutek is a professor emeritus of educational policy studies at Loyola University of Chicago. He enjoyed a long teaching career at Loyola University and is a former dean of its School of Education. He earned his Ph.D. at the University of Illinois (Urbana). His academic specialization is the history and philosophy of education. Among his books are: *Historical and Philosophical Foundations of Education: A Biographical Introduction* (Pearson) and *An Historical Introduction to American Education* (Waveland). With his wife, Patricia, Gutek has written several historical travel guides, the most recent is *Pathways to the Presidency* (South Carolina University Press). Gutek is a member of the Philosophy of Education Society, the History of Education Society, and the Organization of Educational Historians.

The book is thorough. It is not exciting reading, but it is easy to understand.

great it meet my expectation.thank you.

Could be in better shape

The book was just what I needed for my grad class, and it was in great shape when it arrived.

Book was in good condition but the cover was slightly worn. The content was informative and understandable. I did not use this book in my class as much as *A History of the Western Educational Experience*.

Exactly what I needed

The book is informative, but it is very dry reading. I was told that the previous textbook for my class was even worse, so...

great
