# A History Of Modern Europe, Vol. 2: From The French Revolution To The Present, Third Edition

## Synopsis

A classic in its field, loved by instructors and students for its narrative flair, humor, authority, and comprehensive coverage. More than 100,000 copies sold! Available in both one-volume and two-volume paperback editions, *A History of Modern Europe* presents a panoramic survey of modern Europe from the Renaissance to the present day. A single author lends a unified approach and consistent style throughout, with an emphasis on the connections of events and people over time. The Third Edition, like the two before it, is authoritative and up-to-date. New to the Third Edition is the theme of empire. From the imperial rivalries between France and Spain in the sixteenth and seventeenth centuries, through the rise and fall of the Ottoman Turkish empire, and on into the imperial history of the twentieth centuryâ•decolonization, the spread of the Soviet empire, and the imperial power of the United Statesâ•the theme of empire helps students find commonalities among the events of European history.

This shipped really quickly, and I am very glad to have it for class- quick and easy to prepare prior to class as it is well written, and a smooth read. Only slightly different in page numbers from the next edition, so it was relatively easy to adapt (so far).

Got for a class.
