Best Sellers Rank: #543,591 in Books (See Top 100 in Books) #15 in [Books > Travel > Europe > Belarus & Ukraine > General](#) #901 in [Books > Politics & Social Sciences > Social Sciences > Customs & Traditions](#) #1435 in [Books > History > Asia > Russia](#)

Customer Reviews

Most of this book did shock me because I took it as the truth. When I talked to someone from Ukraine, that person claimed don't judge a whole country by a few bad stories. It is informative for visitation and contains the alphabet to speak both Russian and Ukrainian! Worth the purchase.

good but a little out-of-date.

Well written, concise look at many aspects of Ukraine. I will know better after I have visited myself.

CULTURE SHOCK: UKRAINE ranks as one of the best installments of the Culture Shock series. Straightforward and very thorough, it gave this American reader a helpful introduction to Ukrainian culture. Written by an American, Meredith Dalton, who lived in Kyiv for some time, the book tells expatriates what they need to know for a smooth transition to living and working in Ukraine. Ukraine is a very different country from the U.S., and things that Westerners would see as corruption and inefficiency are normal matters there. Dalton is very frank about how to deal with Ukrainian bureaucracy, how to maintain patience, and how to refrain from comparing everything to life back home. While she emphasizes to the reader that Ukraine may be a difficult and sometimes infuriating country for outsiders, she is always respectful of the Ukrainian culture and way of life. This is one of the few books in the Culture Shock series that are so admirably dedicated to preventing culture shock. Meredith Dalton also tackles the delicate issue of ethnicity in Ukraine, and explains how, for some people, the country is polarised into a Ukrainian-speaking half and a Russian-speaking half. However, she also shows how the country is in most respects a united culture in spite of language differences. I felt the section on Ukrainian cuisine could have been a bit more in-depth. Also, the book is geared towards future residents of Kyiv or Lviv, the two cities to which foreigners are most likely to move. As a result, Ukrainian village life is hardly mentioned. However, the meagreness of these topics left Dalton ample room for discussion of Ukrainian custom, etiquette, and superstition. All in all, CULTURE SHOCK: UKRAINE is an essential resource for anyone vacationing in Ukraine or moving there. One of the best Culture Shock guides.

this is a really good book about Ukraine. It talks about everything you can imagine-customs, laws, people, even jokes. Its very accurate and definately brought back some memories for me. If you are traveling to Ukraine and want some insights into ukrainian lifestyle and people this is the book for you.

Although some of the information is outdated in places like Kyiv, great insight to some of the other places. I wish she had more to say about the Western (Traditional Ukrainian) half, but still well worth it.
