Power Of Silence

Synopsis

Millions of readers worldwide have treasured the visionary brilliance of Carlos Castaneda, who first explore the world of the Yaqui Indian sorcerer in *The Teachings of don Juan*. Now, at last, don Juan returns in *The Power of Silence* -- wise, infuriating, capable of working miracles and playing practical jokes, but always seeking the wisdom of the warrior. *The Power of Silence* is Castaneda's most astonishing book to date -- a brilliant flash of knowledge that illuminates the far reaches of the human mind. Through don Juan's mesmerizing stories, the true meaning of sorcery and magic is finally revealed. Honed in the desert of Sonora, the visions of don Juan give us the vital secrets of belief and self-realization that are transcendental and valid for us all. It is Castaneda's unique genius to show us that all wisdom, strength, and power lie within ourselves -- unleashed with marvelous energy and imaginative force in the teachings of don Juan -- and in the writings of his famous pupil, Carlos Castaneda

Customer Reviews

Been looking for this book for sometime. Appreciate getting it for a decent price. The items I did not give a review on were presents. But my boys not living in the area, buying from and being able to ship straight to them is a very positive selling point. I will not purchase or purchase less if the three items I recently purchased with problems are not rectified. Thank you, Ron

This book changed the way I saw life in general and it has left a profound mark on me. I have since reading this book bought four more of his and this one by far has been the most powerful. It is a powerful read, but I would advise to not take it literally and use it as a guide to do further research into the spiritual (or literal, depending on your beliefs) world that Castaneda enters.

I have always found Castaneda to be a captivating writer. With his whole Juan and Genaro --- characters... I still believe these characters... are real,,, exaggerated by they were real.

Though allegedly an ancient Mexican tradition there is little historical evidence that anything like this was practiced before Don Juans lineage started their sorceries. The World of the inorganic beings is kind of like the underworld Aztec and Maya priests would have visited astrally but there the similarity ends. The terror undergone by Carlitos is much like wandering the night worried about Texcatlipoca and in an altered state brought on by Psilocybe mushrooms. This book explains the dynamic of magick with no cultural baggage. The Silence is its source and power and it is inexplicable. Thanks Don Juan that was perfect.

Not as good as his earlier works, eg. Tales of Power, Journey to Ixtlan. I was a little disappointed - the style struck me as waffling. I was hoping for a summative work.

Food to free the soul and to live by ! A wonderful enlighten Book ! I say you should read it !

Simply great. Castaneda always makes the reader feel as though Don Juan is speaking to them personally.

I always enjoy reading Carlos Castaneda, great writer and a great explorer of the inner worlds. The book made me aware of how even small shifts in my viewpoint change the world in which I experience. The great stories of the old time Indians and how they used adversity to grow spiritually, I enjoyed most and was inspired to change my viewpoint.
