The Adventure Of Being Human: Lessons On Soulful Living From The Heart Of The Urantia Revelation

Synopsis

Amplifying the core spiritual teachings of The Urantia Book--a unique and thrilling revelatory book first published in 1955--this guide introduces the two central deity-personalities of the Urantia revelation: Christ Michael--Jesus--and his feminine, coequal consort, Mother Spirit. As the study relates, these two deities maintain intimate contact with their sons and daughters, demonstrating their love through an unprecedented series of teachings. In one short volume, this compilation chronicles Jesus' own awe-inspiring lessons--updated for the 21st century--along with essential introductory and background materials. The wisdom provided here offers heartfelt instructions on the art of living, making a challenging cosmological reference concise and accessible.

Customer Reviews

"If you're reluctant to tackle the two thousand page Urantia tome, this is the next best thing. I recommend [it] to all true spiritual seekers." --Michael Toms, cofounder of New Dimensions Radio and coauthor, *True Work: The Sacred Dimension of Earning a Living on The Center Within*"This awe-inspiring book shows us how to live a loving and purposeful life . . . [it] should be on everyone's bedside table, to help keep us steady as we enter this vortex of rapid transformation now occurring on our planet." --Jacquelyn Small, LMSW, founder, Eupsychia Institute and author, *Awakening in Time and Becoming a Practical Mystic on The Center Within*"A powerful new tool for spiritual growth. I will value it." --Timothy Wyllie, author, *Dolphins, ETs, and Angels*, and coauthor, *Ask Your Angels*"I continue to be drawn again and again to [this book]. You can open it to any page

and find mind and soul-stimulating inspiration. . . . Belitsos and Harris have opened a new portal to the sacred." --Bob Slagle, PhD, professor of psychology, California State University-Sonoma on The Center Within

Jerry Lane has a master's degree in creative writing. He is a long-time student of The Urantia Book as well as a Zen practitioner. He lives in Mill Valley, California. Byron Belitsos is an award-winning author, an editor, and a book publisher. He is the author of One World Democracy, the coauthor of A Return to Healing, and the editor of The Center Within. He is an expert in Urantia Book studies, having presented lectures and workshops on its teaching nationwide for several decades, and he is an inaugural member of Ken Wilber's Integral Institute. He lives in San Rafael, California.

I ordered this book after hearing Mr. Belitsos and Mr. Lane interviewed by George Noory on his Coast to Coast radio show. Their intelligence and sincerity impressed me and persuaded me to read "The Adventure of Being Human." As a long time student of the Urantia papers, I found this book to be consistent with and supportive of the fifth epochal revelation. I keep the book close by and consult it often. I have given it to several friends, other Urantia book readers, and they have also endorsed its teachings and message. Our heavenly parents are reaching out to us and books like this one help us receive their love and wisdom. A wonderful book.

Look, nothing against the people who wrote this, but the Urantia Book CLEARLY states that these types of communication don't happen especially not in a form like this. This is the product of a spiritual mind trying to understand the universe. I get it, but realize it for what it is, someone's subconscious interpreting the Urantia Book, NOT a communication from higher powers.

If the Urantia Book in its entirety is considered to be an epochal revelation for future ages, then the teachings contained in "The Adventure of Being Human" can be viewed as incremental lessons for human beings living today. The admonitions against pride and arrogance, in favor of self-forgetfulness, are certainly most timely. I particularly benefited from the gentle reminders to cultivate stillness within in order to perceive inner guidance and expand consciousness beyond linear thinking. Thank you!

It has been said that one of the deepest human needs is to be known. "The Adventure of Being Human" is a must read for those who crave this need to be filled by our Creator and Mother Spirit

who validate our human experience from a variety of perspectives. The intimacy that is created by knowing I am seen, heard, and gently held is invaluable and my quiet time with each has been forever enhanced. Susan Rowland, RN, PhD Integrative Stillness, Inc.

Its understanding in more detail Life! Its about understanding the role and relationship between us and our Divine Parents (The Father, Michael - the Son, and Nebadonia - the Mother Spirit). Its realizing that this life we are in is just the First Life or phase 1 of our journey. And many more. Open your mind and you'll LOVE it! :)

Super inspirational and informative in every way!

Few of the reading public will recognize the significance of this book. The startling revelation it is part of is only now spreading rapidly. But advanced spiritual seekers will recognize the great transcendent power of its message. Get this book in print form; you will want to reread and reread. And you'll want to hand this book along to others.

Great to have as a guide for the Urantia book. Can clear up a lot of the names, and guide in the back is useful for referral. I found this book very comforting, as easy read. Hope you do too.
