Blank Book Billionaire is the creative force behind many different types of blank books or utility

books as some people call them. They focus on creating books that help people express themselves or simply keep track of things. The sky is the limit for what you can create with these blank books. Not all the books are blank, of course. There are lined journals, gratitude journals, travel journals, pregnancy journals and many others. Some have prompts while others have sections that are designated for specific information. Our mission is to provide you with every type of blank book you might need. If they don't have it now, they will soon. Journaling is their passion and hope to inspire people to make it a part of their daily life. Essentially journaling to them is the act of writing down everything a person wants to remember or reference back to. Whether that is emotions, life events, recipes, pregnancies or your to do list, writing it down is the most powerful way of ensuring it never gets forgotten. What you can do with a blank book is only limited by the amount of imagination you put into it. Make it a diary, a meal planner, a diet journal or just doodle in it. The point is to get one or seven and use them. Make life easier by unleashing the hidden power of a blank book.

Great journal!!

Nice - I bought this for my friends that are going to Italy with me. Made a nice gift pre-trip.
