Customer Reviews

Royally Mine is an anthology of 22 short stories by 22 bestselling authors that's over 1,500 pages long. This review contains six stories to give you an idea of the diversity in this book. First is Royally Screwed by Alexis Alvarez, a delightfully steamy romance starring main characters Maya and Henri.

This story is incredibly engaging. I was literally blown away by the storyline. Maya's and Henri's journey is rare, unexpected, full of highs, lows, joy, despair, and everything in between. The characters are realistic and charismatic, including the minor characters who play integral roles. The multiple relationships are fascinating. I was totally captivated from the first to last pages. The ending was totally unexpected. This was one of my favorite stories in the book.

Second is *Decadence* by Jennifer Bene. If you've never read anything by Jennifer Bene, this is the perfect story with which to begin. The main characters, Aubrey and Finn, share a very unique perceived problem. The story of their journey together is altogether enchanting. This story also has characters that draw you in and make you feel as if you're experiencing their adventures right alongside them. Jennifer Bene is a master storyteller, and she's one of my favorite authors. I couldn't have asked for more in a story. Kudos, Jennifer Bene, for another very well-written story!

Third is *Consumed* by Addison Cain. I've long wanted to read Ms. Cain's books. She comes highly recommended but I've not been able to read her books until now. That's definitely changed! *Consumed* is a sci-fi/erotic romance that captured my imagination so quickly and firmly I didn't take a single break from start to finish. The main characters, Morgaine and Simin, are magnificent. The multiple settings are breathtaking. The story is filled with highs and lows, complete uncertainty, and a totally unpredictable ending. These characters continue in Ms. Cain's *Alpha's Claims* series. I've already purchased the first book in the series. I've found another favorite author in Addison Cain. This story is truly remarkable!

Fourth is *Royalty, American Style* by Livia Grant. Livia Grant is another favorite author. This is an all-American story with very unusual elements. The main characters, Colton King and Harper Gardener, are unique and very well-crafted. I started out feeling one way about all the characters, and ended up with completely different emotions at the end. Livia Grant has written a compelling, emotionally-driven story with characters that are as realistic as they come. I absolutely adored this story. Livia Grant alternately took my heart from the highest of highs to the deepest of lows and to every level in between. This is another marvelous story in this anthology.

Fifth is *Mafia Princess* by Natasha Knight. I was pleasantly surprised by this story. Natasha Knight is a new author for me, and I have to admit that mafia romance stories aren't normally my cup of tea. But this story is different. It's not stereotypical in any way. I loved the characters, the story, and the ending. The two main characters, Gregorio Santa Maria and Allegra Antonino, aren't just charismatic. They're larger-than-life and so very appealing. I have to say my first Natasha Knight reading experience has left me wanting more. I truly enjoyed this story. If you like mafia-type romances, I think you're going to love this one. Thanks, Ms. Knight, for your superb story.

Last, but certainly not least, is by another favorite, Lee Savino, *Royally F****d*. To say I loved it would be an understatement. It captured my

imagination and sucked me in from the first word. The two main characters, Theo Kensington and Vesper Smith, are not your everyday, run-of-the-mill characters, and neither is their story. This is an over-the-top, exceptional romance that's unusual in so many ways. Lee Savino has a way with words and character development that very few authors have. It's so hard not to give away this story so I'll simply say that I cherished every word. Lee Savino, you've outdone yourself once again! One final note. Please be an informed reader and consumer! This is an ADULT book. It contains explicit language and sexual scenes. If you don't enjoy this genre, think hard before buying any book you know you won't enjoy. There are book synopses and reviews available on Goodreads and all booksellers' websites. USE THESE RESOURCES. DON'T LEAVE A NEGATIVE REVIEW WHEN YOU KNOW YOU WON'T ENJOY THE BOOK. IT'S NOT FAIR TO THE AUTHORS! They work extremely hard to provide a quality work product. If you know you'll object to the book's subject matter before you buy it, you're doing yourself and the authors an extreme disservice. Thanks for reading my review and happy reading!

Review of the following stories. Livia Grant-Royalty, American Style, Jennifer Bene - Decadence, Renee Rose- Her Royal Master, Lee Savino- Royally F***ed, Alta Hensley - Bad Boys and Bourbon, Maggie Ryan -Becoming her King, Addison Cain - Consumed, Rayanna James-Dancing King Renee Rose- Her Royal Master The story of Chelsea and Darius. Chelsea is a young reporter looking for a story. Being on a yacht with a couple of young hot royal sounds like a great idea. Darius is known as the black sheep of the family. He knows something is off about Chelsea and he will do anything to find out the truth. What I loved about this novella is that even though it is a short, there is so much story and character development. It reads like a full length novel. 3 days changes everything and everybody. There is an instant connection between Chelsea and Darius. And Darius unlocks feelings in Chelsea she didn't know she had. It is a wonderful, emotional and sexy story. Lee Savino- Royally F***ed The story of prince Theo who has a massive pr problem and Vesper who is a fixer. What I loved about this story is that things and the people aren't what they seem to be. Don't judge a book by its cover is a good way to describe the characters in the book. This novella made me laugh at loud, but also made me all hot and bothered. That is a perfect combination. Livia Grant-Royalty, American Style The last and longest story in this boxset, but certainly not the least. Colton King is the king of baseball and a playboy. He is going to be the star of a new reality show, a sort of X-rated Bachelor. Spending 6 weeks with 6 beautiful women. That should be easy enough right? Harper is hired as a chef for the cast and crew of the show. It is a wonderful, well written, funny, sexy and romantic story of two people falling in love. Of making

mistakes, choosing to do the right thing even though it hurts, taking risks by opening your heart for someone. And about finding yourself and what you want. You are the King after all.

Jennifer Bene - DecadenceThe story of Finn and Aubrey. Both of them are addicted to sex, but they deal with it very differently. This is a very unconventional lovestory. It is very sexy and hot, but also funny and at the same time also emotional. Finn is a bit of a spoilt little rich kid, but I loved the way he told Aubrey she was perfect just the way she was. There is no need to change and don't make excuses for being you. There is the most amazing Bacchanal scene in this book, it is something you don't read everyday. So don't miss this story.

Alta Hensley - Bourbon and KingsThis short story will give you a taste of the full lenght novel that will come out later this year. It is the story of Roman and Cheri, childhood friends and lovers. They are suppose to marry eachother, but Cheri wants nothing to do with the whole royalty world. They meet again after 10 years apart. Even though it is a very short story I did find myself yelling at my Kindle a few times. There is an amazing chemistry between the characters. I can't wait the read the full novel.

Maggie Ryan - Becoming her KingThe story of Judd (King of the big screen) and Danielle. Two former lovers who reunite on a movieset. It is a beautiful well written story which transports the reader into a wonderful romantic lovestory. At first glance Judd comes across as a typical spoilt pampered moviestar and Danielle as the prickly ex girlfriend, but slowly their true persona's appear and you will be rooting for these characters. The story made me laugh and made me feel all warm inside and it was also sexy.

Addison Cain - Consumed If you love Addison's Alpha's Claim books, then you will love this story. If you are new to the whole Omegaverse world then this is a great introduction. It is a totally new world then the Alpha Claim world, so you don't miss out and it will be made into a full lenght novel. This is the story of Morgaine who has been hiding her Omega nature to herself and the Alpha's. When she gets caught her whole world gets turned upside down. Addison does an amazing job of portraying Morgaine's feelings, her doubts and struggles while she is trying to make sense of everything that is happening to her. And off course there is a very hot Alpha who will do anything to make his claim.

Rayanna James - Dancing King Mazi is working as a stripper to pay the bills. Norah is a journalist. When they meet both their lives will forever change. This is a sweet, romantic and sexy story of two people who must choose to follow their hearts or do their duty

The Playboy Prince by Mikey Leel was kind of wondering how Mikey was going to pull off telling his story in this short of a format. How would he drag us in and get us invested in the characters. I really should have known better, Mikey NAILED IT. From the first page flip to the last, I couldn't stop. I

wouldn't mind seeing more of Dryce and rest of the crew. *hint hint*Bad Boys & Bourbon by Alta HensleyNovellas usually aren't my thing, I like a little more meat with my stories. This one gives us a small taste of the series Alta Hensley is working on, and I can't wait to dive into it. Roman & Cheri were best friends when they were kids, as they grew up, they shared many of their 'firsts' together. Cheri wasn't keen on the whole royal expectation so she fled when she was old enough. Now that they are at the age that they should be married, Roman sends his man servant to go get her and deliver her to him. A foul mouthed, reluctant princess to be, with a off the charts wealthy, cocky prince. Can they put their animosity aside long enough to remember what they once had?Mafia Princess by Natasha KnightThis is the first I've read of this author. Being a short novella, it gave me enough of a teaser into her linked Mafia world. I enjoyed Gregorio and his internal voice. Seeing this from his perspective was hot, funny, intense, fueled, and even sweet in his own way, even if he would disagree. When he first laid eyes on Allegra, after getting a call for help from her (half) brother, he thought she was going to be just another spoiled little rich princess, and couldn't wait to be rid of her. Then he started looking beneath the facade, that's when he started to really see Allegra. It's a great short read that really has me interested in reading some of the other connected stories.
