Founded in 1947, Hal Leonard Corporation has become the worlds largest print music publisher, representing some of the greatest songwriters and artists of all time. We are proud to publish titles of interest to all musicians as well as music lovers, from songbooks and instructional titles to artist biographies and instrument price guides to books about the music industry and all the performing arts.

i was happy that this book came with the cd and in perfect condition. however, i was unaware that there were no tab lines. while i was a little disappointed by this, i guess i'll just have to work on reading music!

Great for beginners.

This book provides a nice bass sound that seems to go well with the songs involved. I am sure you can dress it up a lot, but as written I think others will be a little impressed if you are just starting out.

I received this as a gift for Christmas. Good song choices and they line up nice with what the Bass Method book teaches. I wish the backing tracks were a little less cheesy.
