# How To Teach Art To Children, Grades 1-6

## Synopsis

How to Teach Art to Children has it all-background information, literature resources, and concise step-by-step directions for 96 art projects that will help your students learn about the elements of art and then use the elements in the styles of famous artists. This book is divided into two parts: Part one: Learning about the elements of art and Part two: Using the elements of art. Teacher information pages provide: a definition of each art element, a list of literature references, and fine art examples that demonstrate the element. Each project and concept is supported by: easy-to-follow, step-by-step instructions, a complete list of materials needed, and reproducible patterns.

Age Range: Baby and up

Grade Level: 1 - 6

## Customer Reviews

This book is perfect for teaching art as a subject. I've spent years in the classroom just doing crafts, but this book helps me plan valuable and worthwhile art lessons. The book is split into sections (color, line, tone, shape) and each section has multiple easy to plan and teach lessons. The end of the book has bigger projects that are based famous artists and art movements. My first graders LOVE the art lessons. So far we've worked on different types of lines and are now working on color. Today I taught a lesson on contrasting colors.

As a homeschooling mom who has an exceptionally creative kid, this was an excellent resource. I

was able to focus her efforts and teach her basics to improve her artistic form. She loved it too.

A+++ Excellent Seller!!Thanks!

Very easy, to the point, and well organized with a good structure. A very useful book that could be used for a help, ideas or a curriculum.

Easy to follow, simple, creative, and broken down in such a way that it is easy to present concepts to students. Easily adaptable to several ages.

I haven't gotten to test this book out to its fullest potential, but just reading through it and getting lessons together I loved it! Easy to use, easy to make copies and I'm pleased with it!

Great Product! It was very functional and was put to use immediately. I would definitely tell people about this product.

This is a great progressive set of lessons and activities for visual art. There are plenty of projects for each chapter following the basic lesson.
