The LSAT Logic Puzzle Book: Are You Smarter Than A Lawyer?

Synopsis

The LSAT (Law School Admission Test) has the reputation of being one of the hardest entrance exams given; it is a reputation well earned. We have compiled some of the hardest LSAT logic puzzle games, including 13 official LSAT games that tormented aspiring lawyers on recent LSAT tests. The book also includes a thorough discussion of the foundations of logic and the actual meanings of some common words. Think you know the meaning of the word "or," or the meaning of the word "some," or the meaning of the phrase "if..., then...." You might be surprised and intrigued by their actual definitions. This book will introduce you to numerous analytic techniques that will help you immensely, not only in solving logic puzzles, but also in school, business, and life! For this reason, solving logic puzzles can be a rewarding and satisfying experience.

Customer Reviews

I followed the authors' advice, studied hard and learned how to master the difficult logic games section. The book's analysis of the logic sections and clear explanations of answers were excellent. Since I had been out of school for many years, I needed all the help I could get. Today, I received the LSAT results from the 12 June test; the score surpassed my expectations. Buy this book, pay attention to the advice and study, study, study. You won't be disappointed! --A Student
When I first started studying for the LSAT a few weeks ago, I couldn't even understand the logic questions, much less answer them. I'm now doing the logic games for FUN. - A Student --A Student
This book is no nonsense. It tells you what you need to know to answer the questions, and doesn't try to sell

you on any gimmicks. There aren't any magic tricks to get you a 180 on the LSAT. This book will give you the strategies and knowledge to work a good test. Best of luck! --Denver D

This takes logic to an entire and difficult new level; very good.
