Customer Reviews

I wanted to be more impressed with this product than I was. The photos are nice, but the quality of the paper left something to be desired. My son hung the calendar on a hook over his desk at college, and the hole ripped after about a week. If you're looking for a calendar to hang up, I would not recommend this one.

This is sorely substandard. I bought this expecting sports illustrated quality. The days are small and the drawings for tips is a bad idea. People want expert photography and big boxes. I hope you head my analysis, if you do not, I bear no responsibility for your loss.
