AMMUNITION STORAGE, MM 2601

Synopsis

As an ammunition specialist, you must maintain ammunition stocks during peacetime and support the use of ammunition during wartime. To do this, you must understand ammunition storage concepts and be able to perform the various ammunition storage operations. That is what will be covered in this subcourse, Ammunition Storage, which consists of five lessons designed to teach you how to store ammunition, how to rewarehouse and inventory ammunition, and how to complete the paperwork required in these operations. You will also learn how to select and use ammunition storage drawings.
