New York City Essential Guide 2017: Insider Advice From A Tour Guide

Synopsis

NYC made easy! This essential guide plans your big trip to the Big Apple. With proven success as the #1 NYC app in the iTunes App Store, this guide is now an eBook filled with hyperlinks to jump through pages quickly and easily. Our content is king. Detailed, original reviews of 225 attractions from must-see museums to delicious delis will help you: • Save time and money • Tour top sites like a pro • Eat real pizza • Bite into the best burgers • Shop discount department stores • Get Broadway tickets for less • Visit museums for free • Discover fabulous city views • Master the subway • Understand city history and geography • Get organized • Ask the author anything and get a personal response • Pack less by leaving other guides at home! Expert reviews include the best landmarks, neighborhoods, historic restaurants, classic bars and decadent desserts. Self-guided walking tours lead visitors through the city with a personal touch. This guide focuses on sightseeing in Manhattan, but coverage extends to top spots in Brooklyn, Queens and the Bronx. With you every step of the way is NYC expert Jeffrey Tanenhaus. A former double-decker bus guide, Jeffrey is a native New Yorker who knows the city inside out. And now he's your on-demand concierge full of advice on how to make the most of the world's most exciting metropolis. Travel with us and enjoy peace of mind from this one-stop essential guide with the most up-to-date information. Last update: February 2017.

Customer Reviews

Pretty handy to have on the Kindle and author Tanenhaus provides really good tips on the layout of Manhattan, how to get around, what not to do, and highlights specific places to visit in the different neighborhoods (and boroughs) throughout NYC. He also provides a little historical information on the places and neighborhoods and how they came to be. And he gives you tips like getting 10% off at Macy's for out-of-state visitors and what to see at museums. He also explains how to dress for various places you might want to visit like Broadway shows or nightclubs/restaurants, so you'll be prepared on what to pack depending on your itinerary. I've been to NYC twice now and I love it! I'm on the West Coast, so it's definitely a different ball game in the East, and Tanenhaus's Kindle book will help you navigate this very busy and exciting city. He writes like a good friend telling you the ins and outs of his city. The Kindle format is laid out like a book and it has links in it, which will take you to more detailed information on various places and things, and for some reason I have found that if I keep reading the pages after clicking the links I can't get back to my original page. This has happened to me with other Kindle Books, so it isn't just NEW YORK CITY ESSENTIAL GUIDE: BEST NYC, so I just wanted to let you know. I have the Kindle Fire HD.

I thought the content was great but the Kindle version was absolutely miserable to deal with. If you had Wi-Fi on any wrong touch would take you off to an embedded link with no way back except to go to the beginning. If you had it off it would continually prompt you with a 'are you sure' message. I'm going to see if I can get credit and get a hard copy. Technology gone amuck!

A great guide. This was really helpful on my recent trip to New York. It has a good overview of the city and when I wanted to go somewhere like the statue of Liberty it had great directions on how to get there. It made my trip to do the New York triathlon relay easy. Chris Wodke Author Running for My Life-Winning for CMT

I just returned from one week in NYC and found Jeffrey Tanenhaus' New York City Essential Guide to be a great and very useful companion on my iPhone. I am not a novice tourist in NY, having

visited there some 20 times in the past 25 years, yet this book taught me a lot. It helped me find places to eat I had never heard of and they turned out to be wonderful ---- places where the locals eat, not the tourists. I enthusiastically recommend this ebook to others. It is a great value. (I had a question about NYC and emailed Jeffrey on the link in the book, and as promised, Jeffrey got back to me in less than 24 hours with the answer.)

A fantastic guide book for trips long or short to New York. It offers you the "best of," but it also gives you interesting background information and useful details such as getting around. I am amazed how easy it is to navigate this e-book and how well the author divided it up into logical/intuitive sections. For example, the restaurant/bar chapter lists the recommended institutions by neighborhood. And even more helpful is that it gives directions to each place from Times Sq as most of us tourists end up staying in that area. Highly recommend!

This e-book is packed with links and tips for visiting NYC (including the less-traveled outer boroughs). You really only have to read the first chapter, which summarizes top attractions, groups them by category, and links to more detail in other sections. It has classic destinations like Century 21 (a mega-department store offering clothing and shoe bargains) and some off-the-beaten-path attractions. I don't read many guides but this one is super informative :)

Took the wife to NYC for her birthday and couldn't have done it without this. She couldn't believe how I knew where to go and how to get there. We walked the whole High Line, looked around Chelsea market and had wine at this stylish wine bar the author recommended after I emailed for a suggestion. It's like having your own tour guide!

I've been to NYC before, but it was a long time ago, so I was looking for a great sightseeing guide that would also give me tips on reliable places to eat and don't-miss shopping spots as I explored different neighborhoods. This guide does that, and a lot more. I was happily surprised by the walking tours, and also the coverage of Outer Boroughs. The writing wasn't dry at all, and was actually entertaining to read. Overall, this guide has a lot more insider tips and local flavor than the standard travel guidebooks I've read. A good bargain!
