Customer Reviews

I love this collection. Great variety and good quality designs and pages. Single-sided and perforated, which is a big plus. The disappointing thing is that I purchased all three books in this "series", and now I have designs in duplicate and some even in triplicate! Your best bet is to purchase The Swear Word Coloring Book and pass on the other two.

The pictures and sayings are just hilarious! You won't be able to help but crack up and put life in perspective when you're having a bad day. The illustrations aren't overly complex like some of the other adult coloring books, so a fun, quick outlet when needed.

I laugh at the captions every time I color one. "F" word is used a lot but NO "C" word. I wouldn't have purchased it had it been in the book

Best coloring book ever. I love the variety of the pictures and that I don't have to fill the whole page

like in some other books. This is more like a kids' coloring book in that it has a big picture to color on each page, not a full page of a design which tends to take forever to color. The literally colorful language doesn't hurt either.

Hilarious

love this one!

Great coloring book for someone who wants a fun way to express feelings. Pages have awesome designs with cute animals and random saying along with some other cool images. Would highly recommend if you enjoy coloring.

Absolutely love the whole book! Was worried to order online and not being given able to flip through the whole book but it's amazing. Really excited to gift it and that I got one for myself.
