Customer Reviews

A group of Orphan girls came west to find husbands and they were doing well until a letter came from a lawyer of the Grand Parents of one of the girls. I enjoyed all the Orphan stories. When she got the letter she found that she had a brother that was brought up at the same orphanage. Her husband and another that had been adopted were the two. A must read for those who enjoy historical western romance kindle books from at a special price and from a delightful author who keeps me wondering what next for the characters.

What a dreadful way to leave a ending hanging!!! Mathew still in Jail, Louise and her husband Mathew waiting to see the sheriff to give him the telegram from Vivian and her husband that will hopefully clear Lucy's husband Mathew who is Louise's brother. This series was ok but it is drag out so long!

This was a very good clean story about the orphan girls who left the orphanage together to start their future. How they met their husbands and some difficult problems they met with. I recommend this series of books.

This is a very good story. I want more I need to know what happen to some of the people. Please write one more book on this story.

This is the eighth book in this series and money comes between a sister and a new found brother and he wants half her inheritance

Thank for a great book I really enjoyed reading this, and the whole series. Can't wait for another.
