I am so pleased! My daughter adored working out of this book at her old school, so I wanted to keep it going as we homeschooled. The book arrived so incredibly fast and is in exactly the condition promised (honestly, better condition than was promised). The super fast shipping means she was only a couple of days without her social studies text, which makes this mom happy. My favorite thing about this book is how it has lit a fire in my little girl. She cannot stop talking about all the things she's been learning.

The book has several ripped off pages in some of the chapters, because of these missed pages, my son has to request his friends to make copies of the pages and give it him so that he can study

nice to have it at home

I am extremely pleased with the price and the quality of the book. It came in great shape. Arrived faster
