Customer Reviews

It is too small. It needed to be a triple fold down, not just a double fold down. Too much information crowded together. Unusable for me, so I tossed it. I did not rate it lower because it was well made and might be useful to some people.

Yes. I know it's "old fashioned"...but there are times when a good road map gives you a better picture of where you are and where you have been than anything else. This one certainly does this in a clear way.

Was expecting something I could use while traveling to be a quick check on trip navigation to augment the GPS. Great idea but didn't work, the print is too small and the cut lines too distracting

to help.

Map is far too small to be any use at all. Total waste of money.

Good map that doesn't take up a lot of space. Covers only major roads and highways (due to its smaller size) but will get you where you want to go.

Nice map but only good for the major roads. Too small for travel within the state but great for traveling across the state or for city to city. About 1/4 the size of a typical AAA map.

the map is so small that I can't use it.

We love the plastic maps, and this is a great replacement for a paper map we have been using for the past 20 years.
