An Introduction To Mennonite History: A Popular History Of The Anabaptists And The Mennonites

Synopsis

An Introduction to Mennonite History is a history of Mennonites from the sixteenth century to the present. Though simply written, it reflects fine scholarship and deep Christian concern. The early Anabaptists advocated voluntary church membership (a believers church), refusing to baptize infants. They rejected the sacramental system as a way of salvation, and the authority of state over church. The Anabaptists found guidance through direct Bible study by individuals and small groups. They accepted the words of Jesus as final authority. Called Sermon on the Mount Christians by friend and foe alike, they believed that word and deed belong together in Christian living. Because their beliefs threatened the existing order, the Anabaptists were persecuted; this eventually diminished their missionary zeal. Various groups of Mennonites migrated across Europe, then to North America, Russia, or later Latin America. Mennonite faith has often seemed strongest in areas of repression. Persecution makes Mennonites more conscious of who they are as Jesus' followers. The fastest-growing Mennonite churches today are in Asia and Africa. Congregations from around the world are joined through the Mennonite World Conference.

Book Information

Paperback: 452 pages

Publisher: Herald Press; 3rd edition (May 1, 1993)

Customer Reviews

This helped me understand the roots of my faith, as well as the faith that my ancestors possessed. Encouraged for all people interested in a solid introduction in Mennonite and anabaptist origins and history.

I found the writing boring and without any style and could not get further than 20 pages.

A solid history of the Mennonite faith. I give it 5 stars for myself. However, it is a bit too scholarly for the intended audience. The vocabulary and style can be a bit hard-going for those who are not college educated.

It's not bad. Very detailed. Very informative!

Not challenging to read at all. Full of very informative and enlightening historical information in a lively context. Complete with references, accurate datings, the stories and challenges of the very first anabaptists and through the 20th century, how the church(es) have grown, political situations and MORE! You can appreciate the work put into this.

Great book

I bought this book for a friend who recently moved to PA from the west, she loves the book and is so thankful that I found it for her. Thanks!

Very good information.
