Journey Into God's Word: Your Guide To Understanding And Applying The Bible

Synopsis

Life is a journey, and like any journey, it requires an accurate, reliable roadmap to get us where we need to go. God has provided such a guide in his Word. But just as a navigator needs to learn how to interpret all the contours and symbols of a map, so also we need to be able to understand how the Bible communicates its directions to us. Journey Into God's Word helps Bible readers acquire these skills and become better at reading, interpreting, and applying the Bible to life. This abridgment of the bestselling college/seminary textbook Grasping God's Word takes the proven principles from that book and makes them accessible to people in the church. It starts with general principles of interpretation, then moves on to apply those principles to specific genres and contexts. Hands-on exercises guide readers through the interpretation process, with an emphasis on real-life application.

Journey Into God's Word is an exceptional guide to learning a real Bible study method instead of "devotional" reading. It is an easy to understand but in depth tool for examining God's revealed Word to us as we study to "present ourselves as one approved" and deepen our relationship with our Lord. The chapters end with discussion questions and writing assignments which are helpful and enjoyable if you truly want to start examining the text. This book is great for anyone who wants to study at a deeper level not just pastors and teachers.

Amazingly helpful introduction to Hermeneutics and the study of the Bible. I taught a class at my church and used this as the text book to help our people understand what God is truly saying.

great

I highly recommend this book for the everyday 'Believer' who isn't in seminary or college. This book is perfect for the layman that desires to understand the foundational principles of Biblical hermeneutics and exegesis without having to decipher the technical terms. Every day analogies are used to help illustrate the techniques and observations needed to better understand the Bible.

This is an amazing tool to assist in understanding the Bible. It helps you cross the gap between Biblical times and now, and gives a method for applying the Word to the here and now. I'd highly recommend it for anyone seeking a deeper understanding of the Bible.

This book was purchased for a college class. It gives an approach to studying the Bible. It encourages one to delve deeper than the superficial story and exam aspects of the Bible such as culture, genre, what the Bible was saying to the people of the time etc in order to prevent misinterpreting it.

Unbelievable how my study techniques and knowledge of the the bible have increased with this read. This read will minimize things that you would miss simply reading the bible.

Well and simply written. Teaching is progressive, restating principal as knowledge/awareness grows. Excellent reference for one's library. Great for aspiring exegetes.
