Customer Reviews

This book is poorly written, songs are not complete! They don't even resemble the songs. refuses to issue a refund. They want to replace it with the same book. I am very disappointed in and this book. I am a good customer and will not forget this in my future buying choices. How they can sell this junk and not Stand behind the mdse that they sell boggles my mind . Very Poor customer relations

Not life changing.... but as a beginner, I am very happy with the music.... though was embarrassed

when I gave to my sax teacher and he asked, "Why they would put a photo on the cover this book with the saxophone mouthpiece upside down?" Regardless, it does not devalue the music in the book. Would like to see more books like these with Blue and Jazz and Pop and Rock. Of course most of that music would not be public domain and so might be a few more bucks. But it is great to play with a pianist.
