Sorry but this book was horrendous. It seemed like she just downloaded music from a bunch of Web pages and put them in book format for a profit. The formatting is horrible, some of the page breaks are improperly placed. In at least TWO of the songs, there are chords listed in the music without any reference to them in the tab area.

I've only tried a few songs in the book, but each so far has had an error. Some have chords with no corresponding tab. Some seem to be missing chords. Hard to tell with no music included.

My sister and I played duets for the family and it was a lot of fun.

Gotta get it if you want to sing and play CHRISTMAS songs. Great fun and easy to follow and play

I couldn't get the hang of it.
