Customer Reviews

I want more of this kind of Colfer and less of the gruesome hangman series. I love the Fowl series for wonderful writing, humor and the fantasy society that Fowl finds himself in. His comrades have believable personalities and fun quirky habits and beliefs. It is just a fun series with a nice set of bad guys that are easy to hate but still make you laugh they are so self centered. By far one of my favorite series for this age group. Write more!

Artemis Fowl is easily my favorite series for kids. I would recommend those books to anyone. This companion piece is a decent addition to the Fowl canon, but it's a lot more forgettable. The two

short stories are decent enough, and even give some backstory I had missed out on for the 7th book in the series, but they just don't reach the heights of the novels.

and get the back story and little side stories to the Artemis fowl series. The series itself is very entertaining. The fairy or gnomish alphabet is in the book so you can read what is written at the book pages of each of the book. of course you can go online and read it there too. But solving it yourself is great fun.

The Artemis Fowl Files have 2 short stories which fans can love! We see how Captain Holly Short became a captain and a short story where Artemis and Mulch join forces to get a tiara. We also can read about Foaly's experiments and see what they appear like. There's also puzzles that fans can enjoy and complete. Great for all Artemis Fowl Files to have in their collection. Great book series too, and I recommend every one to read them. It shows a selfish, mastermind kid becoming a true hero who values his friends and family. Five stars!

Short stories starring Holly the elf and Mulch Diggums from the Artemis Fowl series. If you liked the Artemis Fowl series then you will love these stories.

If you loved Artemis Fowl, you will love this guide. It contains 2 GREAT mini stories and more. I thoroughly enjoyed this book.

the 13 year old boy in my house loves this series

It is a good book to get pulled into and never want to stop reading. So I would like to give it four and a half stars. The thing I dislike is that I have the book and it does not follow on the same page. I would recommend it to everyone but mostly to my friend Ellie Bates. I think she would like it too.
