Oh yes, young pokemon lovers need this! It encourages drawing just like the Fact book encourages reading.

Gift

My 7 year old son loves this book. Wish I could say more but I'm not a PokÃ©mon guy. I'm just glade he loves it. He takes it with him everywhere.

Kids are enjoying

Good book, but a little more for older children. Got this for my 7 yr old, and though he tries, it's just a little out of his range. Not a complaint, just an observation.

Was an ok book, too complicated for a six year old.

Not bad but i wish there was a book with even more simple drawings

The grandkids are thrilled with the book and we are using the drawings on the cover of the stories they are writing. Working just as I had hoped. Excellent motivation for our homeschool kids.
