# 400 Smokin' Bluegrass Banjo Licks (Book/CD)

## **Synopsis**

Know only 20 banjo solo licks? How about 50? 100? 200? If that's all, then you need this book, designed to help you improvise bluegrass style banjo solos. These 400 licks are played over standard chord progressions; the use of licks sometimes will take precedent over stating the melody. The progressions used are based primarily on common vocal numbers. Some of the licks included are: chromatic licks, embellishing a fiddle tune, high position licks, Reno style, pentatonic blues, boogie licks, swing phrasing, sequential licks, back-up licks and many more. Uses standard G tuning.

## **Book Information**

Paperback: 68 pages

Publisher: Centerstream Publications; Pap/Com edition (October 1, 2013)

## **Customer Reviews**

Lots of easy learning techniques and licks to play off from...this book stick to the standard g tuning. But you'll have to invent your own smokin' banjo licks to really get excited...this book explores a lot of standard and well known styles.

Very beneficial for the intermediate through advanced levels of banjo players who've mastered the basics. Great choice if you're hoping to improve your repertoire of solo's and licks for standard bluegrass chord progressions (and some blues), and hope to embellish songs with style and color.

Well put together.....

Received on time and in good condition - am happy - Thanks

Awesome book. Full of new ideas!

This is a real neat book. You learn these licks and you can say you can play a banjo.

Lots of good licks in this book. :) thank you!
