Customer Reviews

It is necessary to study the games from this book in order to do well on the LSAT exam. The reading comprehension is about the same except for the comparative reading selections, but the logic reasoning are a mess from this book. They aren't as well constructed as the current logic reasoning questions are. You'll have to find the reasoning for all of the correct answers. They are not provided in this book.

Great set of tests for studying for the LSAT. They include the tests, answer key, score breakdown, and test answer sheets in the back of the book. The only thing that would be nice is if there were explanations for the answers, but then the book would be much longer. Overall this is great for studying for the LSAT, but not 100% necessary if you have a tight budget for studying. These tests are older so while they are still great for studying you are better off buying test packets that includes tests that are more recent.

I used this in conjunction with the LSAT superprep book also from the LSAC. I firmly believe the

only effective preparation is repeated practice of the test and this gives you plenty of practice. It worked for me and I would recommend it to others.

The practice tests were by far the most helpful part of my LSAT prep. There was no substitute for practicing on real tests, where you can time yourself, practice the endurance of a complete test, etc. If you are serious about getting a good score on the LSAT, you are going to need to take at least 20 of these bad boys. Definitely focus on the latest tests for the best idea of what to expect on your test day.

Filled with Isat tests - excellent prep for the test. Don't miss out! Well worth the money

Used these to study for the LSAT. Lots of tests. They're time consuming, but they're effective. The one disadvantage is that there is no solution explanations in the back of the book. You have to find other resources for that. That's why I removed a star.

Helps for law school preparation, a must-have.

Bought for my daughter to study. She did great!
