Customer Reviews

The backyard cottages shown here are rather upscale, and larger than many small regular homes. Not what I have in mind at all. I didn't realize it was published by Sunset Magazine. Nothing against Sunset, but this is for the swells, not those pursuing the rustic.

Great book in great shape. It is full of great ideas.

Fun, stylish, and very doable. Good stuff!

Great service. Love the pictures in this book which was in good shape. Good price.

I received this and was very pleased. What it's designed for is to stimulate your imagination to the

possibilities of backyard cottages, pool structures, play houses and miscellaneous small structures. It may be light on plans and dimensions but it is great at getting your imagination kick started. Spend a couple of hours relaxing with this book and have a doodle pad next to you to create some fun things. After that, you can get serious and draw up something or hire someone to figure it out. Have fun... I did and now I'm thinking of tearing down the rearyard garage and putting up a two storey structure with mother in law apartment above...

I always think Sunset does a nice job with these books. Have enjoyed getting ideas from this one and can't wait to implement them.

I really enjoyed dreaming through all the pages. It gave me lots of great ideas of what I can do to enhance my backyard with a quaint and lovely cottage. Thank you very much, I am well pleased.

It was terrific! Gave me a new outlook on sheds, etc. Now I have all kinds of ideas for a room in the backyard!!
