I love love love the projects in this book. The elephant curbing is my fav. Clear easy to follow instructions....lots of projects to choose from and ideas.

love it

I just received this book looked through it and got up the next day stone searching. I found two flat ones similar to what she had in the book for the koi pond. I followed the directions pretty much and it came out beautiful. I had fun, it was easy and rewarding. Love this book. I am going to make the turtle next. I will have to purchase the other stones for the big alligator etc. Worth the money.

Love this book. I have bought 4 of them and given 3 away to friends who love these books by Lin Wellford.
