Great book, yes there are some errors in testing answers, but for the test you need to learn how the questions are asked and the directions. I was able to take all of the tests and since I was used to shock version, I didn't turn back to check the directions and reading pages. So it helped my memory skills. Unlike many of the other people in the test who flipped out b/c of delay & actual test book errors. Ironic.

SOME SET OF BALLS TO PRINT AN EXAM PREP BOOK WITH ERRORS.....COMPLETE DISGRACE EFF YOU SETH PATTON SHOULD BE ZERO STARS

Gives you a general idea of what questions will look like etc.... BUT there are typos and Even wrong answers in the answer keys. It is certainly a valuable resource to familiarize yourself with the exam, but if you find yourself getting one/two questions wrong on the answer key it may be a good thing....

Mispellings, grammatical errors, and answer key is incorrect. It probably would have been a good idea for this guy to use spell check or maybe have someone edit his book. Very unprofessional.

Very helpful app. I read this book for my court officer exam and I got so pointers on how to take the exam and what to expect. Very good and helpful

Nothing but a run through of what taking a civil service test is like. Not usefull at all in taking the Ct officer test.

It gives you a really good idea about the test. I would recommend this book to anyone taking the court officer test.

The exam I took was exactly what I expected after reading this book. Great practice exams and tips.
