The Text Of Great Britain: Theme And Design In Defoe's Tour (Apple-Zimmerman Series In Early Modern)

Synopsis

This book is the first full-length analysis of one of the key books of the eighteenth century -- Daniel Defoe's *Tour Through the Whole Island of Great Britain*. The creation of Defoe's *Tour*, its sources and models, and its relationship to earlier topographic literature are discussed. The *Text of Great Britain* argues that Defoe evolved a rhetorical design that would express his sense of Britain as a working system constructed around cities, the countryside, and roads to form an intelligible whole.
