A Brave Black Regiment: The History Of The Fifty-Fourth Regiment Of Massachusetts Volunteer Infantry 1863-1865

Synopsis

In January 1863 the Union War Department authorized the creation of "a special corps" composed of "persons of African descent"; the 54th Massachusetts Volunteer Infantry, commanded by Col. Robert Gould Shaw. Hundreds of free blacks enlisted. When the 54th Massachusetts spearheaded the suicidal charge against Fort Wagner on July 18, 1863, the regiment was showered with acclaim, but that defining event was not its only illustrious moment. After the devastating repulse at Fort Wagner left all of the unit's ranking officers dead or wounded, Captain Luis F. Emilio (1844-1918) emerged as the 54th's acting commander. A Brave Black Regiment offers an unparalleled, moving, inside view of the entire history of the 54th Massachusetts, from recruitment through disbandment. With a new introduction, rare, previously unpublished photos of Emilio and members of the 54th, the complete regimental roster, and his lengthy appendix concerning Confederate treatment of black prisoners-of-war, this Da Capo Press/Persues Books Group edition is certain to remain definitive for a long time to come.

Book Information

Paperback: 452 pages

Publisher: Da Capo Press; First Thus edition (March 22, 1995)

After the devastating repulse at Fort Wagner left all of the unit's ranking officers dead or wounded, Captain Luis F. Emilio

(1844–1918) emerged as the 54th's acting commander. A Brave Black Regiment offers an unparalleled, moving, inside view of the entire history of the 54th Massachusetts, from recruitment through disbandment. With a new introduction, rare, previously unpublished photos of Emilio and members of the 54th, the complete regimental roster, and his lengthy appendix concerning Confederate treatment of black prisoners-of-war, this Da Capo Press/Persues Books Group edition is certain to remain definitive for a long time to come.

A very dry book (1891) by the author which details the history of the Black Regiment in which he served during the Civil War. It is not a modern day action adventure but a history book written by someone who was there. There is no sugar coating or politically correct language in the book. Although, I would suppose that, for the time period it was politically correct. It contains the story of Stephen A Ellison who was the first black commissioned officer in the US Army. In my opinion, that alone, makes it a book to read. I have rated this book 4 stars. I have given it this rating because you will have to be dedicated to work your way through the strictly fact based details. I obtained this book from in Kindle format.

I thought the book was very informative however I thought it would have been better if the author would have omitted the speeches and newspaper articles that he included word for word.

Not very well well written, not interesting from the authors view point.

A Brave Black Regiment Captain Luis F. Emilio

Great Deal and good story

Excellent. More Americans should read to learn history of this country.

Great history of African Americans troops serving the country. Try the following similar 99-cent books if you like this one:1.Â A History of the Negro Troops in the War of the Rebellion, 1861-1865 (1888)2.Â A Leader of Freeman: The Life Story of Samuel Chapman Armstrong, Brevet Brigadier-general, U.S.A.3.Â History of Negro Soldiers in the Spanish-American War (1899) (illustrated) (Linked Table of Contents)4.Â Services of Colored Americans, in the Wars of 1776 and 1812 (1852) (Linked Contents)5.Â Historical Notes on the Employment of Negroes in the American

The 54th Massachusetts Volunteer Infantry will always have a special place in the pantheon of US/World history. The courageous black men that fought were the ultimate patriots that wanted to defend the United States, forever eradicating slavery, and receive their basic right to citizenship and equal rights. Their combat record was without doubt something to admire and respect. The engagements at Battery Wagner on Morris Island, SC and at Olustee, FL for example, were enough to try the most hardened veteran. This is not your typical regimental history because these were not your typical soldiers at that time. Needless to say, these men faced additional dangers and setbacks white soldiers would never have to worry about. This regimental account by Captain Luis Emilio, whom commanded Company E, tells of the challenges he and the men of the Regiment faced through their muster in federal service. (Feb. 1863-Aug. 1865). His writing style is clear, concise and informative. This book really is the definite source for all the information one would want to have on the 54th. It includes the full regimental roster, maps, pictures, and a section on the treatment of POW's at the hands of the rebels at Charleston Prison. It is truly an honor to own this piece of the American saga. Students of history will find it to be a powerfully unique and fulfilling study of men and how they responded during their country's darkest hour. The valor and sacrifice of these men will never, never, be forgotten.
