The Beginner's Bible Noah And The Noisy Ark

Synopsis

The Beginner's Bible® has been a favorite with young children and their parents since its release in 1989 with over 25 million products sold. It's time for Noah's big adventure! A rainstorm is coming, and Noah needs to build an ark and find two of each animal to keep warm and dry inside. This retelling of the story of Noah's Ark will take little ones from building a big boat to seeing a rainbow in the sky after the storm. Featuring brand-new art from the beloved The Beginner's Bible, a die-cut format, and a beautiful foiled cover, parents will love sharing this board book with their children.

Age Range: 4 - 8 years

Grade Level: Preschool - 3

Customer Reviews

“Noah opened the door. Everyone praised God. God had saved them!” the story states in Zondervan's children's book, Noah and the Noisy Ark. ~ What ~Part of The Beginner's Bible series, this eighteen-page board book with a cut-out handle at the top targets young children from four to eight years old. The book covers the story of Noah and the ark from the Holy Bible. It would best be read out loud to non-readers or beginner readers who like to look at pictures due to their limited reading comprehension level. The book tells the accurate story of God telling Noah to build an ark. All animals and relatives are on board the large boat, and Noah is

thankful to the Creator for saving them. Having colorful, easy-to-decipher illustrations, the cartoon designs with big white eyes animals and people are on almost every page.~ Why ~This is a helpful book for beginner readers since there are only a few sentences on each page. There are plenty of objects to look at by a young child. I like how there is room for discussion about building an ark and living onboard that older ones may enjoy. Several of the animal depictions are adorable.~ Why Not ~Those who do not want to promote teaching a child about the iconic Old Testament flood will pass on this book. It may be too advanced for beginner readers due to the two and three syllable words. It may be sophomoric for the targeted third-grade reading level.~ Who ~No information is provided on the illustrator.~ Wish ~I wish all pronouns of God were capitalized for reverence.~ Want ~If you are looking for a Bible story book about Noah and the ark for those starting to read, this will delight many young children. Thanks to Z-Blog Squad for this complimentary book that I am freely reviewing.

About the Book: The Beginner's Bible® has been a favorite with young children and their parents since its release in 1989 with over 25 million products sold. It's time for Noah's big adventure! A rainstorm is coming, and Noah needs to build an ark and find two of each animal to keep warm and dry inside. This retelling of the story of Noah's Ark will take little ones from building a big boat to seeing a rainbow in the sky after the storm. Featuring brand-new art from the beloved The Beginner's Bible, a die-cut format, and a beautiful foiled cover, parents will love sharing this board book with their children. My Review: Can you imagine Noah and his family in a big closed in smelly boat with a bunch of different animals? I'm sure sleeping was a distant memory for this family. My kids like hearing me make animal sounds as we read together each night. Noah had a very exciting life from the time he was told to build a boat to avoid a catastrophic flood to the point and time he and his family arrived on land. Or what about his family being able to repopulate the earth. He had an important adventure ahead of him preordained by God, himself. What a lucky guy! In Noah and the Noisy Ark, we learn just what God intended for Noah and how it all came to be and the special reminder God gives us all in the end. A fantastic retelling of this classic Bible story. This very cute illustrated board book has a handle for your little ones to easily take it from place to place. It is intended for ages 4-8 but can be read to or gifted to younger ages. A great read aloud at bedtime! **Disclosure** This book was sent to me free of charge for my honest review from the author. All opinions are my own.

THE BEGINNER'S BIBLE: NOAH AND THE NOISY ARK is a cute biblically based story for babies

and toddlers. A sturdy board book, it comes with a convenient, built-in handle to make it easy for small hands to carry, and the colorful pictures are sure to engage young eyes. It will also open doors for communication between adult and child as the child asks questions or comments about the fight and thief on one of the pages, and the rainbow, and how did Noah get the animals...Perfect for church nurseries, day cares, preschools, and even for fond relatives to keep on hand when young children come to visit. Could also be used in churches where parents keep young children with them in services. It'd be quieter to have them look at a book than say recreating a car race/accident in the back row. Great for very young children. I was provided a free copy of this book. All opinions are my own.

Cute, cute, cute! I love it, kids will love it even more! I can just see kids grabbing this by the handle and bringing it to be read. Very sturdy board book. Bright, very colorful gorgeous pictures. Very simple text (which I love). So many times stories for very young children are written "over their heads", this one is perfect. The only thing that could have made it any better is if there were an actual Bible reference to so the children could see and look up. Even though this is for young kids they need to see the Bible reference and know it comes from the Bible. Other than that very small thing - it is a wonderful book and I am looking forward to using it with my future granddaughter (due in Sept.!). I voluntarily posted this review after receiving a copy of this book from BookLook Bloggers - Thank You!
