The Mincing Mockingbird: Guide To Troubled Birds

Synopsis

The Mincing Mockingbird Guide to Troubled Birds is an illustrated, pocket field guide that enables anyone to quickly identify psychotic, violent or mentally unstable bird species. Written in non-technical language for the layman, the guide describes where to find "or where to avoid" the most disturbed North American birds. Throughout the book the reader will discover tales of murder, assault, mental breakdowns, obesity, drug abuse and infidelity among the birds. This guide is used and recommended by law enforcement agencies and ignored by leading ornithologists. We are only just discovering the reality of our avian adversaries, with their reptilian brains, their appetites for mayhem and the fact that they fly mostly to spite us. To ignore the information found within this volume may be at the peril of your very life.

Customer Reviews

"This book will have you doubled over with laughter. It's so much fun." —Marney Rich Keenan, The Detroit News
"For too long we have enjoyed our assumed power over the birds, reducing them to fetish objects of voyeuristic desire. Binoculars in hand, we stalk them in the forest, ignorant of the fact that they are stalking us. The Mincing Mockingbird's new book documents the dangers we face. The bird rebellion has begun." —Paste Magazine

Artist Matt Adrian's (The Mincing Mockingbird) work is collected worldwide and has been featured in Country Living, the Los Angeles Times, and the Chicago Tribune, among other

Hilarious and beautifully illustrated. My sister in law loved it.

Hilarious!

I love Matt Adrian's Mincing Mockingbird creations, and this book has the same sardonic spin on wonderful bird illustrations. It is made to look like an old library book that you've stumbled upon at a yard sale.

This book isn't just funny for people who like birds (even though I think bird lovers would get a better kick out of it!) This book had me in tears laughing within the first few pages!

Such a great book! Hilarious
